
Meeting convened at 3:25 PM. Chair L. Lancor had previously distributed an agenda.

Levine and DaPonte volunteered to record the minutes of this meeting.

Minutes: The committee voted to approve the minutes of 10/06/2010 as corrected.

Director’s Update:

The AUR to LEP transition table is nearing completion. This table will allow departments to begin to look at any necessary program revisions. The History Department plans to include all of their 100-level courses, populating American Experience and Time and Place. SHE 203 is transitioning to Mind and Body.

Marty Hartog suggested that we have a session with Chairs Council to inform them how to do the major/program curriculum map conversion using LEPC’s draft of the Degree Evaluation Worksheet when it is ready.

We still need to recruit for TF and CT courses. Can we shoot for a goal to have every dept create at least one TF or CT course!?!?

Chairperson’s Update:

1) The UCF has now approved one CT course. Another course was tabled for minor revisions. Other courses are in the pipeline.

2) The “sunset provision” will be brought before the UCF at tomorrow’s meeting, 10/14/2010.

3) The chairperson will not circulate the letter from Barbara Woodvard at the meeting, but will post it on the website.

Transitioning from AUR to LEP

1) Psychology is still contemplating whether and how to contribute to LEP. The group discussed the following conundrum: Without the participation of Psychology, specifically the inclusion of Psychology 101 during the Transition, many students from various majors will have difficulty meeting their major program requirements in a timely fashion.

2) A preliminary AUR to LEP table was distributed and potential effects on the SCSU catalog were discussed. The chairperson stated that she was expecting additional input on the table from the program director.

3) Strategies for forming learning communities by pairing INQ classes with a variety of other Tier 1 courses were explored.

The meeting adjourned at 5:01 pm.
