Liberal Education Program Committee
Thursday, March 7, 2019-ASC 308
MINUTES
SPRING meeting dates: March 28, April 11, April 25

Present: Barbara Cook (co-chair), Jim Aselta, Nicole Henderson, Isaiah Yopp, Devra Baxter, Joan Kreiger, Khoa Nguyen, Elu Tu, Heidi Lockwood, Helen Marx

1. Call to Order: 9:38
2. Announcements: None
3. Old Business
   A. Review of current policy and possible motion related to major restrictions:
      Ongoing discussion and development of a proposal to address challenges for students related to major restrictions in the LEP. The committee is reviewing a few options, including the allowance of sharing up to 3 courses between a major and the LEP and restructuring of the Degree Evaluation to increase transparency of the various requirements for a student that separates LEP from the major. NECHE has provided guidance and indicates that this would be an acceptable adjustment.
      One question to be considered regards the policy in the LEP Charter and these proposed changes. Once the final proposal is made, it will include language changes for all relevant registration materials including the course catalog. Any changes will be implemented in the Fall of 2020.
   B. Coordinators of Tech Fluency and Critical Thinking
      LEPC has been asked to discuss and understand these roles. The members will view documents on Teams about the roles (under folder LEPC Coordinator positions) per the LEP Charter and input from the current coordinators.
   C. New Business
      1. Discussion regarding the role of LEPC and messaging for the LEP ensued. Members would like to pursue ways of supporting understanding of the LEP by all stakeholders.
      2. The Student Government Association would like to meet with the LEPC co-chairs and the UCF leadership to discuss the results of a forum they held regarding the LEP. A date and time are currently being determined.
D. ADJOURNMENT: 10:52
