PRAC met electronically on 1/15.

1. The committee welcomed our new student representative: Kalie Menders.
2. S. Clerc reported on the status of Recreation & Leisure. The self-study will be the first one following the new guidelines and is due by Feb. 4.
3. The committee discussed at length Terese Gemme’s request for an extension for Honors College. The current due date is Oct. 2015. Because of the many departmental requests for extensions over the last 2 years, and the elimination of May meetings, PRAC’s schedule is packed solid until spring 2018. The only spot available is the one vacated by IDS: Dec. 2015.
