Approval of Minutes: Senate Meeting Minutes of April 22, 2015 --- approved as distributed

Announcements - Senate President Faraclas thanked Luke Eilderts for serving as parliamentarian this year at the Senate.

President's Report - the report was distributed and following items were highlighted:
1. The Long Wharf property no longer in discussion as a site for the School of Health and Human Services. The Faculty Senate opposed moving the School off campus in a December 2014 resolution. Interim dean of SHHS emailed stating that Long Wharf site is off the table for now.
2. The advice of the FS on the departmental merger of the Environmental and Marine Studies and Geography Departments. Documents were distributed and after short
discussion the motion to approve the merger was seconded. Motion to approve the merger was approved unanimously.

3. On April 23, the Library Faculty presented a formal letter of protest to President Papazian in response to reassignment of a dedicated Library Instruction Room to OIT for a Help Desk Office. According to the letter, the action was taken without consultation with the Library Faculty. After lengthy discussion there was a motion: "The FS decision on the issue of assignment of the Library space is that the assignment be censured since it had no faculty input". The motion was seconded and during further discussion it was amended as follows: "The FS endorses the letter from the Library Faculty and supports its request to restore the classroom to library instruction."

Question was called to close debate and seconded. Since there was no objection, the debate closed. Voting on the amended motion resulted with: 0 in favor, 33 against. Amended motion was defeated.

A new motion was presented: "The Faculty Senate strongly endorses the letter of April 23 from the SCSU Library Services Faculty to President Papazian. The Faculty Senate is calling for the immediate restoration of the library instructional space to its original, intended purpose."

After some discussion the results of the vote on the motion: 33 in favor, 0 against. Motion was unanimously approved.

2. Resolution Regarding the size of the Faculty Academic Strategic Plan Committee: Senator Coca presented the resolution and asked for approval. After some discussion, the question was called, no objections. The results of the vote on the resolution were 2 in favor, 31 opposed. Motion was defeated. The committee remains as is.
